Interview with Tweak the Vocalist & Lyricist

What was music album that soundtracked your childhood?

Body War by Show Me the Body. If you want to hear what underground Jamaica Queens sounded like in 2016, that was it. Every weekend there was another Show Me the Body Show or a Corporate show and being a kid I was so entranced by that shit. I was just was there and then I got that shit tatted, because I was like I want to be there for the rest of my life, and now I'm holding that shit down, and it's cool as fuck.

What was the best concert you've ever seen

Show me the body at Webster Hall. Illegal Civilization did a tour with Show Me the Body, Taco from Odd Future, and Domo from Odd Future. I think Tyler the Creator made an appearance. This is before Tyler was big.

What was your favorite Selfless Demise show?

Shit .. shiiit. See, I don't remember most of it, but I think my favorite was, um, damn, what night was that show? Oh, okay. Damn, what was it called? I forgot what this show was called. I think there was a name for it. Let me see. Uh, but we did it with, like, um, with Allissa (@allissa.ofseas) and Sanctum (@sanctum_productions). Um, damn, what's the, what was the name of that show? Because I know they named it. Oh, a market and show for charity at KBK (@kbk.studios) on April 25th (flyer in centerfold). That shit was hard. I don't remember half of it. And we played some crazy shit.
